Dance Therapy Workshop - DMT-ER®

"A body is a body among other bodies" (Marian Chace)

Discover the groundbreaking DMT-ER® methodology, emphasizing the transformative power of relationships and group dynamics in Dance Therapy.

Why DMT-ER®?

- **Innovative Approach:** Focuses on social connections as a core element of the therapeutic process.
- **Clinical Success:** Highly effective in treating various pathologies.
- **Artistic Vitality:** Infuses new life into performance arts.

Workshop Highlights:

- **Introduction to DMT-ER®:** Learn the fundamentals of this powerful methodology.
- **Experiential Learning:** Engage in practices that foster awareness, pleasure, and social bonding.
- **Professional Development:** Ideal for doctors, psychologists, dancers, performance arts professionals, and those working with groups in social fields.

Join us to experience the dynamic intersection of dance, therapy, and social interaction through DMT-ER. Enhance your professional practice and rejuvenate your approach with this revolutionary method.

Vincenzo Bellia and Barbara Dragoni, certified DMT, CLMA, run the Dmt-ER® Training School in Rome and work with several centers in Europe and Middle East.

Vincenzo Bellia is psychiatrist and teacher of Group Analysis. He has written several books on Dmt .

Barbara Dragoni is psychologist and dance teacher, working in clinical and artistic contexts.
